HIGH HOLIDAY TICKETS

Problems with your High Holiday tickets, or need to purchase additional tickets for family or guests?

Come to the synagogue Tuesday, September 7, between 4 and 6 pm, or Tuesday September 14, between 4 and 6 pm, and we can help you.

WELCOME NEW MEMBERS

We wish to extend a very hearty welcome to all members who joined us recently, and hope that you will enjoy our services and activities for many years to come.

OUR NEW RABBI

We have good news to share with our members: We have been able to engage a Rabbi.

Rabbi Edward S. Treister, Ed. D. comes highly recommended, with a very impressive resume:

Doctor of Education...University of Houston, Texas 1991

Rabbinic ordination and Master of Arts in Hebrew Letters...Hebrew Union College-Institute of Religion.

Current member of; Association of Reform Rabbis in Israel, Central Conference of American Rabbis..

The Rabbi is fluent in Hebrew, French, Yiddish and German.

He was born in Toronto, is married and has a teenage son.

The foregoing is a very small extract from his impressive resume.

On behalf of the congregation I extend a very warm welcome to Rabbi Treister.

Roger De Freitas

FROM THE PRESIDENT

Shana tova – a happy and healthy year to all. May the year 5765 bring peace to Israel and to the world.

A few remarks regarding the High Holydays:

A certain standard of modest apparel is expected when attending the High Holiday services. It is disconcerting to see young adults dress in a manner that is befitting a dance lounge.

Also: When given an honour of an aliyah, it is customary to make a donation to the synagogue.

Apology: In one of our previous Bulletins we stated that a Memorial Plaque was put up in honour of Mrs Sylvia Van der Hoot. We are happy to report that Mrs.

Van der Hoot is very much alive, and is the person who ordered the Plaque to honour a deceased friend. We apologize for any inconvenience caused. In this spirit we refer to a famous quote "rumours of my death are grossly exaggerated."

PERSONALIA

Mazel tov to **Mark and Linda Brager** on the occasion of their daughter, Rae's marriage to Jody Koffman.

The Jahrzeit Plaque donated by the community of Habonim to honour our past president and benefactor, **Gangolf Herman**, has been mounted on the wall.

Also, one has been mounted on the South Wall to honour **Nathan Ostrow** for the stained glass window he designed and built for Habonim.

A member of long standing, **Charles Mint**, died on January 26 2004. We are sorry that this sad news was not mentioned earlier, and we wish to express our condolences to his wife Phyllis and family.

DAVID AND PATTY GOLDFARB SAY "GOODBYE, FOR NOW"

Our thanks to all the Habonim members who have wished us well in our new life and business venture. Special thanks to Roger DeFreitas and to the Executive, for the plaque and recognition. In all honesty, Habonim did a lot for us in our years of membership, and we consider our contribution to Habonim a pretty fair exchange. If you are ever in the San Diego area, please look us up at our gallery, Hands on Cedros at 346B Cedros Avenue in Solana Beach. Our continuing e-mail address is goldfarb@canada.com -- feel free to stay in touch. We'll be back to visit Toronto, so hope to see you again.

Best wishes, David and Patty Goldfarb

DEAR MEMBERS OF HABONIM

As many of you know, I was diagnosed with Inflammatory Breast Cancer on June 5, 2003. It was the day after my third wedding anniversary, my son was 16 months old and I was 35 years old. Ten or eleven years ago my chances for survival of this type of cancer would have been 5%. Because of research into new and better protocols for the treatment of this particularly vicious cancer the survival rates have increased to better than an 75% survival rate. I am grateful and lucky to be one of them.

In addition to the research into protocols, from which I and my family have benefited. There are new and better drugs available to me for continued treatment to avoid a recurrence of breast cancer. The aromatase inhibitor I am on will decrease my chance of a recurrence to less than 8%. Without research into new and better drugs, I would not have this advantage.

I am also lucky to be allowed to have genetic testing in order to determine whether I carry BCRA1 or BCRA2, which are genetic mutations linked to an increased risk of developing breast cancer. I have learned that for women who fit my profile, 95% of the mutations are in three specific places in the genomic sequence. The lab will look for these mutations first. If I do not have one of the typical mutations, the lab will search through my entire genomic sequence to determine whether I have another mutation. Determining whether I have one of the breast cancer genes will affect my decisions about my care and will affect my sister, son and cousins' future health care. This tool would not be available if no one had funded the research.

Research into breast cancer has saved my life and continues to preserve it. Now I want to help fund it. I, together with my son Max and my husband Gil, will be participating in the Run for the Cure on October 3, 2004. Please support me by sponsoring me in this run. **Donating is easy, just follow the link below or send a cheque to my home made payable to the Canadian Breast Cancer Foundation.** In addition, please feel free to forward this e-mail to your friends and contacts.
